

## General New Mexico News and Development Notes

The particularly lucky forger, who has been living at ease for several months by representing himself as Morvan Livingston and the National Bank of Carlsbad as his depository, was heard from again last week, the word coming in the form of a fifty dollar bogus draft, cashed at Russellville, Arkansas. This is about the fifteenth of these drafts which the forger has cashed through New Mexico, Texas, Oklahoma and Arkansas.

A little daughter of J. A. Luker, of near Melrose was bitten by a rattlesnake last week. Prompt attention saved the child's life. The crop of rattlers in New Mexico this year seems to be on the same abundant scale as all other crops and a considerable number of victims have been reported.

D. E. Troglor, representing the Ohio Investment company of Denver bought tax deeds to lands in Quay county last week to the amount of \$1,513.45 and running into several thousand acres. He is in Santa Rosa this week to bid on Guadalupe county land expected to be sold for taxes.

The state department of education has sent \$1326.34 to the treasurer at Quay county, in response to application for aid from the state aid fund for school districts not able to pay for the required five months of school. This amount made up shortages in Quay county districts ranging from \$18 to \$159.

Up to date the present July holds the record as the wettest month on the weather records of New Mexico. In Raton, more than 0.7 inches of rain have fallen during the month and more than 22 inches since January 1st, breaking all records for rainfall since the opening of the weather station at that point. Generally the same proportion is expected to hold when the rainfall summary for the month is complete, over practically the whole state.

Architects' plans and specifications have been completed for the proposed new \$75,000 hotel at Deming, to be built by local men. A Missouri life insurance company has agreed to make a substantial loan on the property.

J. J. Alberts, Texas manager for the Pecos valley distributors, is so impressed with the crop of Dania, or Spanish onions in the Roswell district that he expects to arrange to ship the crop in car lots. He estimates a total of 25 cars of the onion, which is considered the finest grown.

Tyrone, the new townsite of the Phelps-Dodge company, to be established in connection with the operation of the company's huge copper holdings, to which a railroad is now being built from Whitewater, Grant county, will be formally opened in about 90 days. The camp, it is said, will have a population of from eight to ten thousand within a year. The Phelps-Dodge company's operations are expected to be on a basis quite equal to those of the great China property.

Mrs. Maud M. Noel, daughter of Dr. A. G. Hicks of Melrose, N. M., is winning fame in art in Paris. A recent number of the Paris edition of the New York Herald says: "The annual exhibition of sculpture and other objects of art by American women was opened yesterday afternoon at the American Art Students' club, 4 Rue de Chevreuse."

A prize of \$500 for sculptors offered by Mrs. Whitelaw Reid was divided between Mrs. Harry Payne Whitney, who shows two pieces in bronze, and Mrs. Maud M. Noel, who shows two decorative heads and "A Child."

The work of both prize winners is executed with strength and grace. Robert Short, motorman at the coal mines at Van Houten, near Raton, was accidentally electrocuted Wednesday evening just outside the mines. While changing the trolley, in some manner, a short circuit was created and the current passed through his body, killing him instantly. Robert Short was about 21 years old and single.

It is reported that the Wild Cat Leasing company of White Oaks contemplates putting electricity into Carrizozo, both for light and power.

James O. Gifford closed a deal last week by which he has sold his 40-acre farm two miles south of Artesia to B. F. McFadden. The consideration was \$5,100 cash. Mr. Gifford has another forty lying north of the Muncy farm east of the Atoka spur which is unimproved. Mr. McFadden has been making extensive improvements on other lands lying west of Artesia and near the farm just purchased.

Quentin Roosevelt, son of the famous colonel, spent yesterday at Farmington and is expected to arrive here this afternoon, coming via the saddle, says the Durango Democrat. The Roosevelt also arrived in Farmington yesterday, from Gallup, overland, accompanied by the Wetherill boys as guides, and will ride into Durango, and perhaps out of it. His pack outfit will arrive here today by freight. The younger Roosevelt was not prone to conversation while in the Farmington town, and as far as known his trip is simply one of sight-seeing and adventure.

Emma K. Burleson, sister of Postmaster General A. S. Burleson, will spend several days visiting in Cloudcroft. Miss Burleson is from Austin, Texas.

The state engineer's office has the bids for the construction of the superstructure of the Mora county bridge, known as No. 1, at Watrous.

## SWEEPING VICTORY FOR DEMOCRATS PREDICTION OF HUDSPETH

United States Marshal and Former State Chairman Declares Nothing can Stop the Procession.

DECLARES FERGUSON  
WILL GET BIG VOTE

Rest of the County Conventions Lined up for Early Days of August and Campaign Preliminaries are Complete.

That the Democratic party will win a sweeping victory in the state this fall, is the prediction of United States Marshal A. H. Hudspeth, former chairman of the Democratic state committee and one of the best informed men in the state. In an interview given out in Deming last week Mr. Hudspeth said:

"Covering the state as I do, I am able to keep in pretty close touch with the men whose political opinions are worth while, and from all the present indications I feel confident that the fall elections will result in a magnificent victory for the Democratic party. I have not heard a single adverse criticism of the state officials or of our congressman that cannot be traced directly to some disappointed office seeker, and the general tendency seems to be to support the present state executive in the measures he desires to carry out. As regards the election of a congressman, I look to see Mr. Ferguson re-elected without any very serious opposition. He has done good work at Washington, and that in spite of the fact that he has been greatly handicapped in being the sole representative of the state at the capital. He has had to handle all of the state patronage and it has been extremely difficult for him to satisfy all of the claims that have been put forward by people who felt that they were entitled to recognition for their services. Mr. Ferguson has done the best he could and the results of the appointments that he has been instrumental in making have justified his choice in every case. The Republicans appear to be selecting poor political timber for their ticket, and in the case of one of their most prominent candidates I am positive that his nomination as congressman will result in the whole ticket being badly defeated, even though the rest of the men on it are good men."

"Hugh H. Williams, the candidate for the state corporation commissioners, will give any of his opponents a hot race, as he has a strong following among the railroad men of the state, and he will also pull a large number of votes here in his home county."

PRELIMINARIES FOR FALL CAMPAIGN NOW COMPLETE

Preliminaries for the fall campaign now are practically complete. Dates for all of the county conventions of both parties have been fixed and with the fixing of the date for the Progressive state convention last week, the drawing of the lines for the start in the big race is done. County convention dates not heretofore reported by The Herald have been fixed as follows:

Lincoln county Democratic convention, Carrizozo, August 8.

Luna county Democratic convention, Deming, August 8.

Otero county Democratic convention, Alamogordo, August 8; preliminaries, August 1.

Guadalupe county Democratic convention, Santa Rosa, August 8.

Curry county Democratic convention, Clovis, August 10; preliminaries, August 8.

G. T. Black, a lawyer of Roswell, announces his candidacy for the Democratic nomination for the legislature, before the primaries on August 4. He makes a flat declaration for low county salaries and announces that if elected he will support the policies of Governor McDonald.

Robert Love of Carlsbad has formally announced his candidacy for the legislature from Eddy county. This makes four strong men who are in the field for the Eddy county nomination, the others who have previously announced being Dr. Sken of Artesia, and Guy Reed and Attorney Dow of Carlsbad.

SEVEN THOUSAND ACRES OF WHEAT IN ROSWELL COUNTY THIS YEAR

Roswell, N. M., July 27.—According to estimates made by the Spanish-American here, Roswell county has this year a total acreage of sound wheat to be harvested of 7,257 acres. This is the largest acreage on record, and the average yield per acre will break all former records. The report covers only lands near the railroad and it is divided among the farming districts as follows:

Milla, 4,617 acres; Roy, 1,497 acres; Solano, 215 acres; Mosquero, 928 acres.

Canada has 2,739,643 square miles, as against 3,624,783 of continental United States without Alaska.

## BROWN WOMAN HELD FOR MURDER OF REED OF REED

Daughter of Accused Woman Proves Damaging Witness at Preliminary Hearing in Mountain Killing.

Carlsbad, N. M., July 25.—The hearing of Mrs. Brown, charged with murdering Dick Reed, opened promptly at 9 a. m. and lasted until late this evening. The state introduced about ten witnesses. The defense offered none.

George McCollum and Robert Means told of finding the body of Reed. Other witnesses described the position of the body, which was lying partly under the side, the left hand outstretched holding two playing cards, the right nearly under the body.

Reed was shot in the back of the head. The gun introduced was rusty, containing five shells, one having been exploded.

Deputy Sheriff John Stewart arrested Mrs. Brown at Schermeyer's home. At the time she had her clothing in a sack.

Witnesses testified that there has been ill feeling between Reed and Schermeyer. The last and star witness was Viola Brown, aged eight years, daughter of the accused. The defense made vigorous objections to introducing the child as a witness, the court overruling the objection.

She was present at the killing and told that Reed had called that morning. She stated that he has been ordered to stay on his side of the hill. He had been hanging around. They had packed their clothes in a flour sack and prepared to leave. While playing cards Reed came back. Her mother got up and Reed got in the game with the two girls when she got the gun and shot Reed in the head. The girl testified that they then went to the Schermeyer home and found those people away from home.

The court bound Mrs. Brown over to action of the grand jury, fixing the bond at \$1,500. Efforts are being made to make the bond.

## CHAVES COUNTY SEND DELEGATES UNINSTRUCTED

Republican Convention in Roswell Last Week Names Eighteen of the Faithful to Attend Santa Fe Convention

(Special Correspondence to The Herald)

Roswell, N. M., July 25.—Chaves county's handful of faithful Republicans held a mass convention in the county court house here yesterday, attended by about all the available Republican material in the county, and after hearing speeches from Nathan Jaffa, former secretary of state, and the offering of the party altar at the last congressional election, and from E. O. Fuller, former district attorney here, decided to send a delegation to the state Republican convention in Santa Fe uninstructed. It had been confidently expected that the delegation would be instructed for W. H. Andrews, and it is believed that a majority of them favor his nomination, but there are some gentlemen of state, and the offering of the party altar at the last congressional election, and from E. O.
